The online activities and lectures have been selected and designed to scaffold you in the writing of this task so please refer to each module's readings and resources. It is expected that you will read beyond the readings supplied for this course. You can (and are expected) to re-use readings you have used in other courses in MEd or MEd Lead, but please remember that you cannot recycle your own writing as submitted for other assignments in this degree at UNSW or any other degree/course you have taken, either here or elsewhere (this is called 'self-plagiarism', and you can find information about it here: <https://student.unsw.edu.au/plagiarism>). You may very well also have to read beyond the materials from other courses, and to help you do this, the UNSW library offers plenty of resources – please see information here: <http://info.library.unsw.edu.au>
