	Students must complete ECON1401 as the compulsory core course and choose another 6UOC of Introductory Business core course.
	Students must complete at least one major in Economics, Econometrics or Financial Economics consisting of 60UOC. Please note: If you choose to study a 2nd Economics major, you must choose another 6 courses (36 UOC) from the second major that do not overlap with the first major.
	Students must complete 12 UOC of Economics electives or accepted substitutes of Economics electives to ensure a student completes a minimum of 78 UOC of Economics courses. Students in combined Economics/Adv Mathematics (Hons) must count the MATH pair towards their Science component and will therefore complete 24 UOC of Economics electives.
	Account for 12UOC (2 courses). Students are free to use these UOC to complete course from the Business School, however they need to be mindful of the program limit on Level 1 courses (60UOC) when making their selection. GEN courses cannot count as Free electives. Maximum level one limit in this degree is 60UOC.

	(choose <u>ONE</u> from the following list)		(courses offered by the School of Economics)	(courses offered by Business School)

-
- Overlapping requirements: If you choose to study a 2nd major from Appendix A. you must choose another 6 courses (36 UOC) from the second major that do not overlap with the first major. Please consult the Business School Student Centre if you have any further questions.
