practical component of the clinical program. At this stage candidates are expected to develop further autonomy in their clinical practice. In PEP6 candidates are required to complete a supervised placement in one external field placement setting of at least 167 hours. Activities undertaken during placement typically include client work, supervision, placement administrative responsibilities and client preparations. Placement hours typically extend beyond the standard term period. Additional hours may also be required to demonstrate sufficient clinical competencies. This is a Workplace Integrated Learning (WIL) course.

o e i s m s u r

The aim of the course is to further develop and strengthen the Clinical Psychology competencies of candidates, which is achieved through the active participation in client work and regular supervision at one external placement setting, and training through clinical workshops.

n Ce th i oh e Ots o e t t s s ru r

PSYC7235 is a pre-requisite for this course.

You are required to submit, where relevant,

n e e s s t v v r

You will need to demonstrate satisfactory professional and ethical practice on placement at one external placement site, including a variety of direct client work, attendance at scheduled supervision and completion of all administrative duties to a satisfactory level. See the Professional Practice Guidelines document for further information. Your clinical and professional competencies will be formally assessed by your placement supervisor(s) at mid and end placement review periods using standardised Clinical Psychology competency assessment rating tools. Feedback will be given by your

Referencing

Referencing is a way of acknowledging the sources of information that you use to research your assignments. You need to provide a reference whenever you draw on someone else's words, ideas or research. Not referencing other people's work can constitute plagiarism.

Further information about referencing styles can be located at <https://student.unsw.edu.au/referencing>

Academic integrity is fundamental to success at university. Academic integrity can be defined as a commitment to six fundamental values in academic pursuits: honesty, trust, fairness, respect, responsibility and courage. At UNSW, this means that your work must be your own, and others' ideas should be appropriately acknowledged. If you don't follow these rules, plagiarism may be detected in your work.

Further information about academic integrity, plagiarism and the use of AI in assessments can be located at:

- The [Current Students site](#),
- The [ELISE training site](#), and
- The [Use of AI for assessments](#) site.

The Student Conduct and Integrity Unit provides further resources to assist you to understand your conduct obligations as a student: <https://student.unsw.edu.au/conduct>

Late Submission Penalties

UNSW has a standard late submission penalty of:

- 5% per day,
- for all assessments where a penalty applies,
- capped at five days (120 hours) from the assessment deadline, after which a student cannot submit an assessment, and
- no permitted variation.

Any variations to the above will be explicitly stated in the Course Outline of a given course or assessments.

Students are expected

UNSW has a "fit to sit/submit" rule, which means that if you sit an exam or submit a piece of assessment, you are declaring yourself fit to do so and cannot later apply for Special Consideration. This is to ensure that if you feel unwell or are faced with significant circumstances beyond your control that affect your ability to study, you do not sit an examination or submit an assessment that does not reflect your best performance. Instead, you should apply for Special Consideration as soon as you realise you are not well enough or are otherwise unable to sit or submit an assessment.
