

Bachelor of Medical Studies & Doctor of Medicine / Bachelor of Arts 3856

Important Program Information

Please speak to the Faculty of Arts, Design & Architecture on the sequence of enrolments for your chosen area(s) to meet the 96 UOC required for the Arts component of this program.

Generally, students cannot be concurrently enrolled in both the Medicine and Arts components of this program and will focus on only one component at a time. This is highly likely to increase the duration of the program to approximately 8 years.

Please speak with the Medicine and Health team in The Nucleus Student Hub prior enrolling in this program. For additional information, you may also visit the following Medicine Program website-- [Medicine/Arts Program 3856](#).

2025 Commencing Students – Phase 1 (Year 1 and Year 2)

MFAC1501*
12 UOC
(M1A)

MFAC1524
12 UOC
(M2A)

MFAC1525
16 UOC
(M3A)

MFAC1521
12 UOC
(M1B)

	Term 1	Term 2	Term 3
Year 2	MFAC1527		

An integrated seven-week experience for new students which requires you to work independently and in teams, exploring the fundamentals of cell biology, the structure of the human body, and a range of professional issues pertinent to medical practice. Students must pass MFAC1501 to progress to other courses within the BMedMD program. Further, students who do not pass MFAC1501 may need to go on Program Leave until the following year when the course is offered again. These students will adhere to the following year's program plan & [Handbook](#).
